FOR IMMEDIATE RELEASE
February 5, 2007

Lakewood, Co - Martin/Martin, Inc. Announces New Structural Department Manager

At its January 18 annual all staff meeting, Martin/Martin, Inc. announced Jack Petersen as the new Structural Department Manager overseeing 73 structural employees. With Martin/Martin since 1989, Mr. Petersen has over 24 years of project management and engineering experience on a broad range of structural systems and project types.

Elected to the firm's Board of Directors last October, Mr. Petersen was also recently appointed an officer on the board of the firm's new Wyoming corporation, Structural Solutions Martin/Martin Inc. He is a frequent speaker for various colleges, local and national conferences, as well as for the American Institute of Architects Continuing Education Series classes. Mr. Petersen is a registered Professional Engineer in Colorado, Wyoming, North Carolina and Utah and received his BSAE from the University of Colorado at Boulder and his MSCE from the University of Colorado at Denver.

Martin/Martin is widely acknowledged as a leading consulting civil/structural firm in Colorado and, with its predecessor firms, has been continuously providing engineering design services for over 50 years locally, nationally and internationally.
